Policy Statement and Purpose

Preventive Medicine Services, CPT codes 99381-99387, 99391-99397 and HCPCS code G0402 are comprehensive in nature, reflect and age and gender appropriate history and examination, and include counseling, anticipatory guidance and risk factor reduction interventions, usually separate from disease related diagnosis. Screening services include cervical cancer screening; pelvic and breast examination; prostate cancer screening/digital rectal exam; and obtaining, preparing and conveyance of a Papanicolaou smear to the lab. These screening procedures are included in (and not separately reimbursed from) the Preventive Medicine Service rendered on the same day.

Occasionally, an abnormality is encountered or a pre-existing problem is addressed during the preventive visit and significant elements of related Evaluation and Management (E/M) services are provided during the same visit. When this occurs, MAHP/HC will reimburse the Preventive Medicine Service plus 50% of the E/M service code with that code is appended with a modifier 25. If the code is not submitted with modifier 25 appended, it will not be reimbursed.

When a Preventive Medicine Service and other E/M services are provided during the same visit, only the Preventive Medicine Service will be reimbursed.

Policy Definitions

N/A

Policy Provisions and Required Procedures

A. REIMBURSEMENT GUIDELINES

Preventive Medicine Service and Problem Oriented E/M Service

A preventive medicine CPT or HCPCS code and a problem-oriented E/M CPT code may both be submitted for the same patient by the Same Specialty Physician or Other Qualified Health Care Professional on the same date of service. If the E/M code represents a significant, separately identifiable service and is submitted with modifier 25 appended, MAHP/HC will reimburse the preventive medicine code plus 50% of the problem-oriented E/M code. MAHP/HC will not reimburse a problem-oriented E/M code that does not represent a significant, separately identifiable service and that is not submitted with modifier 25 appended.

Preventive Medicine Service and Other E/M Service

A preventive medicine CPT or HCPCS code and other E/M CPT or HCPCS codes may both be submitted for the same patient by the Same Specialty Physician or Other Qualified Health Care Professional on the same date of service. However, MAHP/HC will only reimburse the preventive medicine CPT or HCPCS code.

Screening Services

The comprehensive nature of a preventive medicine code reflects an age and gender appropriate examination. When a screening code is billed with a preventive medicine code on the same date of service by the Same Specialty Physician or Other Qualified Health Care Professional, only the preventive medicine code is reimbursed.

Counseling Services

Preventive Medicine Services include counseling. When counseling service codes are billed with a preventive medicine code on the same date of service by the Same Specialty Physician or Other Qualified Health Care Professional, only the preventive medicine code is reimbursed.

Medical Nutrition Therapy Services

According to CPT, for medical nutrition therapy assessment and/or intervention performed by a physician, report E/M or Preventive Medicine Service codes. When medical nutrition therapy codes are billed with a preventive medicine code on the same date of service by the Same Specialty Physician or Other Qualified Health Care Professional, only the preventive medicine code is reimbursed.

Visual Function and Visual Acuity Screening

The comprehensive nature of a preventive medicine code reflects an age and gender appropriate examination. When visual function screening or visual acuity screening is billed with a preventive medicine code on the same date of service by the Same Specialty Physician or Other Qualified Health Care Professional, only the preventive medicine code is reimbursed.
