

# Identification of Members

Each member is issued an identification card that should be presented each time care is sought at a participating provider's office or hospital, however, a member identification card does not guarantee eligibility. See examples of the identification cards below. If a member does not have his/her card, please contact Member Services at 563-584-4885 or 866-390-3872 for information concerning the member's eligibility. You can check member benefits and eligibility anytime by visiting the Online Provider Portal on our website at <https://healthchoicesplans.com/providers/> and selecting eHealthChoices.
